

1. Application

The EUROFLEX® turtle has found its way from the vastness of the oceans to playgrounds and parks impresses with its colorful appearance.

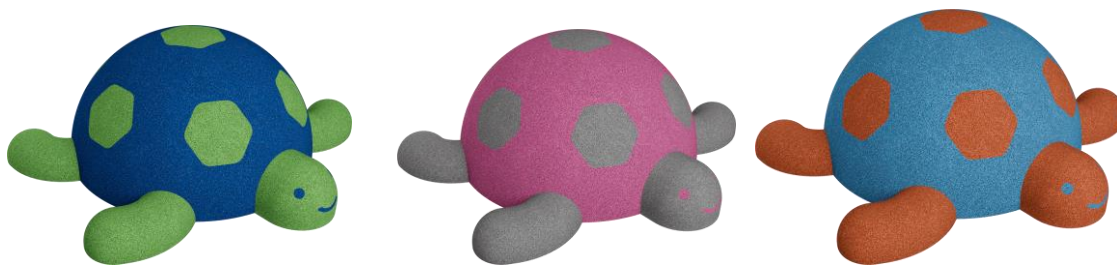

The basic body is a hemisphere. This has recesses for attachments, which represent the head, limbs and the points of the shell.

Thanks to this stable construction, the turtle is also ideal for playing and as a seat.

2. Material

Rubber granules:	Core: Recycled rubber granules
Cover layer:	EPDM rubber granules
Binder:	MDI Polyurethane

3. Product design

Color combinations:	Base body:	Dark blue RAL 5010
	Add-on parts:	Green RAL 6021
	Base body:	Pink RAL 4003
	Add-on parts:	gray RAL 7038
	Base body:	bright blue RAL 5012
	Add-on parts:	red RAL 3016
